### Please RSVP

This is a public meeting and we would appreciate knowing that you will attend for planning needs. To attend in person, advance registration is requested. Federal requirements include wearing a mask indoors if the COVID-19 level is high. Seating is first come, first served. Please register in advance here:

https://docs.google.com/forms/d/e/1FAIpQLSe4VObzHaIjatxUPYeZp9fYLPJ0JYwBRNvqXAnRQeO6Z xauQ/viewform

#### **Covid-19 Requirements**

Masking is required indoors to participate in an in-person meeting, event, or conference hosted by a Federal agency in a high covid location.

#### **Public Comments**

The public and stakeholders are encouraged to express view points to the Panel members and NOAA during public comment periods on the value of NOS products, and to offer recommendations to improve NOAA's navigation data, services, and products. Comments can be submitted onsite or in advance via email to Hydroservices.panel@noaa.gov.

## Webinar

Please plan to log in at least 15 minutes in advance to allow the updates to be installed and for trouble shooting as necessary. Please register in advance for the webinar — https://attendee.gotowebinar.com/register/2670035769139553040

## **Purpose**

The HSRP is a federal advisory committee that provides NOAA with independent advice on improving the quality, efficiency and usefulness of NOAA's hydrographic services portfolio and navigation-related products, data and services. The HSRP advises the NOAA Administrator about its navigation (surveys, nautical charts and ENCs), physical oceanographic (tides and water levels), geospatial, positioning, shoreline programs, products and services.
