

## NOAA HSRP Virtual Public Meeting, April 28, 2020, 1pm EDT

NOAA Hydrographic Services Review Panel (HSRP) Federal Advisory Committee

The virtual public meeting will focus on issues related to hydrographic and navigation services and other topics affecting the NOS' Office of Coast Survey, Center for Operational Oceanographic Products and Services, National Geodetic Survey, and the University of New Hampshire's and NOAA's Joint Hydrographic Center (JHC) and Center for Coastal Ocean Mapping. The HSRP advises the NOAA Administrator on matters that affect marine transportation, safe navigation, commercial shipping, ocean and coastal stewardship including sea level rise, restoration, resilience, flooding and inundation, coastal and marine spatial planning, geospatial data, recreational boating, Arctic priorities, modernization of the National Spatial Reference System and new datums for 2022, PORTS<sup>®</sup> (Physical Oceanographic Real-Time System), tides and currents, mapping and surveying, and related topics.

**PUBLIC COMMENTS are encouraged:** You can express view points on the HSRP meeting topics during the public comment period. Due to the condensed meeting and webinar limits, please sign up in advance. All comments must be in writing. Comments will be read into the public record. You can also submit comments in advance via letter or email with subject line "HSRP Public Comment" to <u>Hydroservices.panel@noaa.gov</u>, Lynne.Mersfelder@noaa.gov, and Virginia.Dentler@noaa.gov.

Meeting information: https://www.nauticalcharts.noaa.gov/hsrp/hsrp.html Meeting documents including presentations will be posted to the web just prior to the meeting at: https://www.nauticalcharts.noaa.gov/hsrp/meetings.html
